Re: Stock Certificate Exchange

As you may already be aware, Tigo Energy, Inc. (“Tigo”) entered into an Agreement and Plan of Merger (the “Merger Agreement”) to combine Tigo with a wholly-owned subsidiary of Roth CH Acquisition IV Co. (Nasdaq: ROCG), a publicly traded special purpose acquisition company (“Roth CH IV”). Upon completion of the proposed business combination (the “Transaction”), the combined company is expected to become a publicly traded company under the NASDAQ ticker symbol “TYGO” on May 24, 2023 (referred to herein as the “Combined Company”).

With the following Q&A, we hope to provide additional information related to how you will receive new shares in the Combined Company.

1. Who is the stock transfer agent?

Continental Stock Transfer & Trust Company (“Continental”) will be handling the exchange of existing Tigo shares for shares in the Combined Company.

2. What do I need to do?

You will be receiving a letter of transmittal (“LT”) from Continental instructing you to list your Tigo shares being surrendered, return your certificates representing your share ownership in Tigo, complete certain necessary Internal Revenue Service forms, and sign the LT allowing Continental to convert existing Tigo shares into shares of the Combined Company at the exchange ratio calculated in accordance with the terms of the Merger Agreement, which will be determined at the date of the closing of the Transaction.

3. What if Tigo is already in possession of my certificates?

For those who recently exercised options into stock and had Tigo hold the stock certificates pending the close of the Transaction, Tigo will provide those stock certificates to Continental on your behalf. However, please note that you will still need to complete the LT and return it to Continental in order to receive shares of the Combined Company in connection with the closing of the Transaction.

4. What if I lost my certificate?

If you lost your stock certificate, the LT contains an affidavit of lost certificate that you can complete, sign, and return to Continental.

5. When will I receive my shares in the Combined Company?

Following the close of the Transaction, which is expected to occur on May 23, 2023, Continental will process and record the new shares in the Combined Company. These certificates will be held in book entry form meaning that no physical stock certificate will get issued and be delivered to you on the earlier of the closing of the Transaction or the date of delivery of your signed and completed LT to Continental (and confirmation by Continental of the same). **The process typically takes 3-5 days following the close of the Transaction.** Continental will provide information on how to view your ownership of the Combined Company online.

6. When can I sell my stock?

Pursuant to the bylaws of the Combined Company, your shares in the Combined Company will be subject to a lock-up that will restrict you from selling more than (i) 5% of your shares during the first 90 days after closing of the Transaction and (ii) beginning on the 91st day following the closing of the Transaction, an additional 5% of your shares (for a total of up to 10%) until 180 days after closing of the Transaction. For the avoidance of doubt, the remaining 90% of your shares will be subject to a lock-up in the bylaws of the Combined Company that will restrict you from selling such shares until 180 days after closing of the Transaction.

For certain stockholders with “affiliate” status (i.e., directors, officers and 5% or greater stockholders (based on threshold in the Merger Agreement)), a S-1 resale registration statement must first be filed and declared effective by the SEC before any freely tradable shares can be traded (5% immediately and another 5% on day 91). As contemplated by the Amended and Restated Registration Rights Agreement to be entered into in connection with the closing of the Transaction, the Combined Company is obligated to file a resale registration statement within 30 calendar days after the closing of the Transaction and will use reasonable best efforts to have such resale registration statement declared effective as soon as practicable after the filing. We will be communicating with those of you that have “affiliate” status separately to provide additional details.

7. How do I get my unrestricted stock to sell?

Continental utilizes a Direct Registration System that allows your brokerage to request your unrestricted securities be deposited into your brokerage account for trading. You will need to contact your brokerage or Continental for further information.

8. What happens to my restricted stock securities?

Continental will maintain these restricted stock securities until such time as the lock-up period has lapsed.

9. How do I get more details about my specific situation?

If you have specific questions related to your physical stock certificates or Tigo shares generally in connection with the Transaction, please send an email to stockadmin@tigoenergy.com and we will address your specific questions.
