QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

These Questions and Answers are only summaries of the matters they discuss. They do not contain all of the information that may be important to you. You should carefully read the entire document, including any annexes to this proxy statement.

- Q. What is being voted on?
- A. You are being asked to vote on (i) a proposal to re-elect the Company's six (6) directors to the Company's board of directors and (ii) a proposal to ratify the appointment of Marcum LLP as the Company's independent registered public accounting firm for the fiscal year ended December 31, 2022.
- Q. Why is the Company proposing the proposal to re-elect directors and the proposal to ratify appointment of the Company's independent auditors?
- A: *The Director Election Proposal:* The Company failed to hold an annual meeting of stockholders within 12 months after its fiscal year ended December 31, 2021, as required by Nasdaq Listing Rule 5620(a). The Company is holding an annual meeting for the election of directors to regain compliance with the listing rules.
- The Auditor Ratification Proposal:* The Company appointed Marcum LLP to serve as the Company's independent registered public accounting firm for the 2022 fiscal year. The Company elects to have its stockholders ratify such appointment.
- Q. How do the Company's executive officers, directors and affiliates intend to vote their shares?
- A. All of the Company's directors, executive officers and their respective affiliates, as well as the Company's other stockholders immediately prior to its initial public offering (the "Initial Stockholders"), are expected to vote any common stock over which they have voting control (including any public shares owned by them) in favor of the Director Election Proposal and the Auditor Ratification Proposal. On the Record Date, the 3,336,500 insider shares represented approximately 58.3% of the Company's issued and outstanding common stock.
- Q. What vote is required to adopt the proposals?
- A. *Director Election Proposal.* Approval of each of the directors being re-elected will require the affirmative vote of a plurality of the shares of the Company's common stock present in person by virtual attendance or represented by proxy and entitled to vote at the Annual Meeting or any adjournment thereof.
- Auditor Ratification Proposal.* Approval of the Auditor Ratification Proposal requires the affirmative vote of holders of at least a majority of the issued and outstanding shares of common stock present in person by virtual attendance or represented by proxy at the Annual Meeting or any adjournment thereof.
- Q. What if I do not want to approve the Director Election Proposal and the Auditor Ratification Proposal?
- A. If you do not want to approve the Director Election Proposal or the Auditor Ratification Proposal, you must abstain, not vote, or vote against each proposal, or with respect to the Director Election Proposal, withhold your vote.
- Q. How do I change my vote?
- A. If you have submitted a proxy to vote your shares and wish to change your vote, or revoke your proxy, you may do so by delivering a later-dated, signed proxy card to Advantage Proxy, Inc., Attention: Karen Smith, Toll-Free: 877-870-8565, Collect: 206-870-8565, E-mail: ksmith@advantageproxy.com, the Company's proxy solicitor, prior to the date of the Annual Meeting.

- Q. How are votes counted?
- A. The Company's proxy solicitor, Advantage Proxy, Inc., will be appointed as inspector of election for the meeting. Votes will be counted by the inspector of election, who will separately count "FOR" and "AGAINST" votes, abstentions, and broker non-votes.
- Director Election Proposal. The Director Election Proposal must be approved by the affirmative vote of a plurality of the shares of the Company's common stock present in person by virtual attendance or represented by proxy at the Annual Meeting and entitled to vote at the Annual Meeting or any adjournment thereof. Abstentions and broker non-votes with respect to this proposal will have no effect on the vote.
- Auditor Ratification Proposal. The Auditor Ratification of Proposal must be approved by the affirmative vote of holders of at least a majority of the issued and outstanding shares of common stock present in person by virtual attendance or represented by proxy at the Annual Meeting or any adjournment thereof. Abstentions and broker non-votes with respect to this proposal will have the effect of a vote "AGAINST" such proposal.
- Q. If my shares are held in "street name," will my broker automatically vote them for me?
- A. The Director Election Proposal is a non-discretionary item. Your broker can only vote your shares for such proposal if you provide instructions on how to vote. If your shares are held by your broker as your nominee (that is, in "street name"), you may need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to "discretionary" items, but not with respect to "non-discretionary" items. Discretionary items are proposals considered routine under securities exchange rules applicable to member brokerage firms. These rules provide that for routine matters your broker has the discretion to vote shares held in street name in the absence of your voting instructions. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes.
- Your broker can use its discretionary authority to vote shares with respect to the Auditor Ratification Proposal.
- Q. What is a quorum requirement?
- A. A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the issued and outstanding shares of common stock on the Record Date and entitled to vote are represented by stockholders present at the meeting or by proxy.
- Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes represented in person or by proxy at the Annual Meeting may adjourn the Annual Meeting to another date.
- Q. Who can vote at the Annual Meeting?
- A. Only holders of record of the Company's common stock at the close of business on January 19, 2023 are entitled to have their vote counted at the Annual Meeting and any adjournments or postponements thereof. On the Record Date, there were 5,714,749 outstanding shares of Company common stock, including 2,378,249 outstanding public shares.

Stockholder of Record: Shares Registered in Your Name. If on the Record Date your shares were registered directly in your name with the Company's transfer agent, Continental Stock Transfer & Trust Company, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting virtually, we urge you to fill out and return the enclosed proxy card to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank. If on the Record Date your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your broker or other agent.

BACKGROUND

The Company

We are a Delaware company incorporated on February 13, 2019 for the purpose of entering into a merger, share exchange, asset acquisition, share purchase, recapitalization, reorganization or other similar business combination with one or more businesses or entities.

In August 2021, we consummated our IPO of 11,500,000 units, including 1,500,000 units that were subject to the underwriters' over-allotment option, with each unit consisting of one share of common stock and one-half of one warrant, each whole warrant entitling the holder thereof to purchase one share of common stock at a price of \$11.50 per whole share. The units were sold at an offering price of \$10.00 per unit, generating gross proceeds of \$150,000,000.

Simultaneously with the closing of the IPO, we completed the private placement of 461,500 units at a purchase price of \$10.00 per unit to certain Initial Stockholders, generating gross proceeds of \$4,615,000. Except with respect to certain registration rights and transfer restrictions, the private units are identical to the units sold as part of the public units in the IPO.

In February 2019, an Initial Stockholder purchased an aggregate of 100 shares of the Company's common stock for an aggregate price of \$25,000. In June 2020, the Company effected a stock dividend of 43,125 shares of common stock for each share of common stock outstanding, resulting in an aggregate of 4,312,500 shares of common stock being outstanding. In July 2021, certain of the Initial Stockholders sold an aggregate of 1,490,874 shares of common stock to the Company, of which 53,374 shares were purchased by certain of the Company's officers from the Company and the remaining 1,437,500 shares were cancelled, resulting in an aggregate of 2,875,000 shares of common stock being outstanding.

Following the closing of the IPO, a total of \$116,725,000 of the net proceeds of the IPO and the private placement were placed in a trust account located in the United States with Continental Stock Transfer & Trust Company acting as trustee, and invested only in U.S. "government securities," within the meaning set forth in Section 2(a)(16) of the Investment Company Act. None of the funds held in trust will be released from the trust account, other than to pay the Company's income or other tax obligations until the earlier of (i) the consummation of the Company's initial business combination, (ii) the Company's failure to consummate a business combination within 18 months from the closing of the IPO, and (iii) the redemption of any public shares properly submitted in connection with a stockholder vote to amend the Company's amended and restated certificate of incorporation to affect the substance or timing of the Company's obligation to redeem all public shares if the Company cannot complete an initial business combination within 18 months of the closing of the IPO and such amendment is duly approved.

On December 20, 2022, the Company's stockholders approved, at a special meeting of stockholders, an amendment to the Company's amended and restated certificate of incorporation, giving the Company the right to extend the date by which the Company has to consummate a business combination up to five (5) times, each such extension for an additional one (1) month period, from February 10, 2023 to July 10, 2023. In connection with the stockholders' vote at the special meeting, 9,121,751 shares of the Company's common stock were tendered for redemption.

On December 5, 2022, the Company entered into a merger agreement to acquire Tigo Energy, Inc., a Delaware corporation (the "Business Combination"). On December 30, 2022, the Company filed a registration statement on Form S-4 including a preliminary proxy statement/prospectus with the Securities and Exchange Commission ("SEC") for the purpose of soliciting stockholder approval of the proposed Business Combination at a special meeting of the Company's stockholders as promptly as possible. If the Business Combination is approved at a special meeting for such purpose, the Company would consummate the Business Combination shortly thereafter.

The Company's principal executive office is located at 888 San Clemente Drive, Suite 400, Newport Beach, CA 92660.

CERTAIN RISK FACTORS

We may not be able to complete an initial business combination with a U.S. target company since such initial business combination may be subject to U.S. foreign investment regulations and review by a U.S. government entity such as the Committee on Foreign Investment in the United States (CFIUS), or ultimately prohibited.

None of the members of the Company's sponsor group is, is controlled by, or has substantial ties with a foreign person and therefore, we believe, will not be subject to U.S. foreign investment regulations and review by a U.S. government entity such as the Committee on Foreign Investment in the United States (CFIUS). While we believe that the nature of the Company's business should not make our initial business combination subject to U.S. foreign regulations or review by a U.S. government entity, it is possible that a business combination may be subject to a CFIUS review, the scope of which was expanded by the Foreign Investment Risk Review Modernization Act of 2018 ("FIRRMA"), to include certain non-passive, non-controlling investments in sensitive U.S. businesses and certain acquisitions of real estate even with no underlying U.S. business. FIRRMA, and subsequent implementing regulations that are now in force, also subjects certain categories of investments to mandatory filings. If our initial business combination falls within CFIUS's jurisdiction, we may determine that we are required to make a mandatory filing or that we will submit a voluntary notice to CFIUS, or to proceed with the initial business combination without notifying CFIUS and risk CFIUS intervention, before or after closing the initial business combination. CFIUS may decide to block or delay our initial business combination, impose conditions to mitigate national security concerns with respect to such initial business combination or order us to divest all or a portion of a U.S. business of the combined company without first obtaining CFIUS clearance, which may limit the attractiveness of or prevent us from pursuing certain initial business combination opportunities that we believe would otherwise be beneficial to us and our shareholders. As a result, the pool of potential targets with which we could complete an initial business combination may be limited and we may be adversely affected in terms of competing with other special purpose acquisition companies which do not have similar foreign ownership issues.

Moreover, the process of government review, whether by the CFIUS or otherwise, could be lengthy and we have limited time to complete our initial business combination. If we cannot complete our initial business combination by July 10, 2023 because the review process drags on beyond such timeframe or because our initial business combination is ultimately prohibited by CFIUS or another U.S. government entity, we may be required to liquidate. This will also cause you to lose the investment opportunity in a target company and the chance of realizing future gains on your investment through any price appreciation in the combined company.

If we are deemed to be an investment company, we may be required to institute burdensome compliance requirements and our activities may be restricted, which may make it difficult for us to complete our initial business combination.

On March 30, 2022, the SEC issued proposed rules relating to, among other matters, a safe harbor for SPACs from the definition of "investment company" under Section 3(a)(1)(A) of the Investment Company Act, provided that they satisfy certain conditions that limit a SPAC's duration, asset composition, business purpose and activities. The duration component of the proposed safe harbor rule would require a SPAC to file a report on Form 8-K with the SEC announcing that it has entered into an agreement with the target company (or companies) to engage in an initial business combination no later than 18 months after the effective date of the SPAC's registration statement for its initial public offering. The SPAC would then be required to complete its initial business combination no later than 24 months after the effective date of its registration statement for its initial public offering. Although that proposed safe harbor rule has not yet been adopted, the SEC has indicated that are serious questions concerning the applicability of the Investment Company Act to a SPAC that does not complete its initial business combination within the proposed time frame set forth in the proposed safe harbor rule.

We entered into a definitive initial business combination agreement within 18 months after August 5, 2021 (the effective date of our IPO registration statement) and may not complete our initial business combination within 24 months of such date. As a result, it is possible that a claim could be made that we have been operating as an unregistered investment company.

The proposed safe harbor rule has not yet been adopted, and one or more elements of the proposed safe harbor rule may not be adopted or may be adopted in a revised form. Nevertheless, we intend to comply with the terms of the proposed safe harbor rule, including the duration component of that rule, when and if adopted. As a result, we do not believe that the SEC would deem us to be an investment company for purposes of the Investment Company Act. However, if we were deemed to be an investment company for purposes of the Investment Company Act, compliance with these additional regulatory burdens would require additional expenses for which we have not allotted funds and could increase the costs and time needed to complete a business combination or impair our ability to complete a business combination. If we have not completed our initial business combination within the required time period, our public stockholders may receive only approximately \$10.15 per share, or less in certain circumstances, on the liquidation of our trust account and our warrants will expire worthless.

To mitigate the risk that we might be deemed to be an investment company for purposes of the Investment Company Act, we intend to liquidate the securities held in the trust account on or around August 5, 2023, and instead to hold the funds in the trust account in cash until the earlier of the consummation of our initial business combination or our liquidation. As a result, following the liquidation of securities in the trust account, we would likely receive minimal interest, if any, on the funds held in the trust account, which would reduce the dollar amount our public stockholders would receive upon any redemption or liquidation of the Company.

The funds in the trust account have, since the closing of our IPO, been held only in U.S. government treasury obligations with a maturity of 185 days or less or in money market funds investing solely in U.S. government treasury obligations and meeting certain conditions under Rule 2a-7 under the Investment Company Act. However, to mitigate the risk of us being deemed to be an unregistered investment company (including under the subjective test of Section 3(a)(1)(A) of the Investment Company Act) and thus subject to regulation under the Investment Company Act, we intend to liquidate the U.S. government treasury obligations or money market funds held in the trust account on or prior to August 5, 2023, and thereafter to hold all funds in the trust account in cash until the earlier of consummation of our initial business combination or liquidation of the Company. Following such liquidation, we would likely receive minimal interest, if any, on the funds held in the trust account. However, interest previously earned on the funds held in the trust account still may be released to us to pay our taxes, if any, and certain other expenses as permitted. As a result, any decision to liquidate the securities held in the trust account and thereafter to hold all funds in the trust account in cash would reduce the dollar amount our public stockholders would receive upon any redemption or liquidation of the Company.

In addition, even prior to the 24-month anniversary (August 5, 2023) of the effective date of the IPO registration statement, we may be deemed to be an investment company. The longer that the funds in the trust account are held in short-term U.S. government treasury obligations or in money market funds invested exclusively in such securities, even prior to the 24-month anniversary, the greater the risk that we may be considered an unregistered investment company, in which case we may be required to liquidate the Company. Accordingly, we may determine, in our discretion, to liquidate the securities held in the trust account at any time, even prior to the 24-month anniversary, and instead hold all funds in the trust account in cash, which would further reduce the dollar amount our public stockholders would receive upon any redemption or liquidation of the Company.

Board Operations

Byron Roth holds the positions of Co-Chief Executive Officer and Chairman of the Board, and John Lipman holds the positions of Co-Chief Executive Officer and a director. The Board believes that the services of each of Messrs. Roth and Lipman as both an executive officer and a director is in the best interests of the Company and its stockholders. Messrs. Roth and Lipman possess detailed and in-depth knowledge of the issues, opportunities and challenges facing the Company in its business and are thus best positioned to develop agendas that ensure that the Board's time and attention are focused on the most critical matters relating to the business of the Company. Their combined roles enable decisive leadership, ensure clear accountability, and enhance the Company's ability to communicate its message and strategy clearly and consistently to the Company's stockholders, employees and customers. Mr. Roth chairs the meetings of the Board and Mr. Lipman chairs the stockholder meetings and each participates in preparing their respective agendas. The Board has not designated a lead director. Given the limited number of directors comprising the Board, the independent directors call, plan, and chair their executive sessions collaboratively and, between board meetings, communicate with management and one another directly. Under these circumstances, the directors believe designating a lead director to take on responsibility for functions in which they all currently participate might detract from rather than enhance performance of their responsibilities as directors. The Company believes that these arrangements afford the independent directors sufficient resources to supervise management effectively, without being overly engaged in day-to-day operations.

Risk Oversight

Management is responsible for assessing and managing risk, subject to oversight by the Board. The Board oversees our risk management policies and risk appetite, including operational risks and risks relating to our business strategy and transactions. Various committees of the Board assist the Board in this oversight responsibility in their respective areas of expertise as set forth below:

- The Audit Committee assists the Board with the oversight of our financial reporting, independent auditors and internal controls. It is charged with identifying any flaws in business management and recommending remedies, detecting fraud risks and implementing anti-fraud measures. The Audit Committee further discusses the Company's policies with respect to risk assessment and management with respect to financial reporting.
- The Compensation Committee oversees compensation, retention, succession and other human resources-related issues and risks.
- The Corporate Governance and Nominating Committee overviews risks relating to our governance policies and initiatives.

The Board held four meetings during fiscal year ended December 31, 2022. During the fiscal year ended December 31, 2022, no director attended fewer than 75% of the meetings of our board of directors and board committees of which the director was a member.

On August 5, 2021, our board of directors adopted a code of ethics that applies to our executive officers, directors and employees. The code of ethics codifies the business and ethical principles that governs aspects of our business. The code of ethics is available in our SEC filings as an exhibit to the Registration Statement on Form S-1 filed with the Securities and Exchange Commission on July 9, 2021.

Director Independence

Nasdaq's listing standards require that a majority of our board of directors be independent. An "independent director" is defined generally as a person other than an officer or employee of the Company or its subsidiaries or any other individual having a relationship, which, in the opinion of the Company's board of directors, would interfere with the director's exercise of independent judgment in carrying out the responsibilities of a director. We have determined that Molly Montgomery, Daniel M. Friedberg, Adam Rothstein, and Sam Chawla are independent directors under Nasdaq's listing standards and other governing laws and applicable regulations, including Rule 10A-3 of the Exchange Act. Our independent directors have regularly scheduled meetings at which only independent directors are present.

Board Committees

Our Board has established standing committees in connection with the discharge of its responsibilities. These committees include an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee. Our Board has adopted written charters for each of these committees. Copies of the charters are available as exhibits to the Registration Statement on Form S-1 filed on July 9, 2021. Our Board may establish other committees as it deems necessary or appropriate from time to time.

Audit Committee

The Audit Committee was established on August 5, 2021 and is comprised of three directors: Molly Montgomery, Daniel M. Friedberg, and Adam Rothstein, each of whom is an independent director under Nasdaq's listing standards. Mr. Friedberg is the chairperson of the Audit Committee and qualifies as an "audit committee financial expert," as defined in Item 407(d)(5) of Regulation S-K promulgated under the Securities Act.

The Audit Committee, which is established in accordance with Section 3(a)(58)(A) of the Exchange Act, engages Company's independent accountants, reviewing their independence and performance, and reviews the Company's accounting and financial reporting processes and the integrity of its financial statements; the audits of the Company's financial statements and the appointment, compensation, qualifications, independence and performance of the Company's independent auditors; the Company's compliance with legal and regulatory requirements; and the performance of the Company's internal audit function and internal control over financial reporting.

Audit Committee Report

The Company's audit committee is responsible for supervising the Company's independent accountants, reviewing the results and scope of the audit and other accounting related services and reviewing the Company's accounting practices and systems of internal accounting and disclosure controls, among other things. These responsibilities include reviewing and discussing with management and the independent auditor the annual audited financial statements. The audit committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company's financial statements.

In fulfilling its oversight responsibility of appointing and reviewing the services performed by the Company's independent registered public accounting firm, the audit committee carefully reviews the policies and procedures for the engagement of the independent registered public accounting firm, including the scope of the audit, audit fees, auditor independence matters and the extent to which the independent registered public accounting firm may be retained to perform non-audit related services.

With respect to the audit of the Company's financial statements for the year ended December 31, 2021, the members of the audit committee:

- have reviewed and discussed the audited financial statements with the Company's management and Marcum LLP ("Marcum"), the Company's independent registered public accounting firm;
- have discussed with Marcum the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T regarding "Communication with Audit Committees"; and
- have received and reviewed the written disclosures and the letter from Marcum required by applicable requirements of the Public Company Accounting Oversight Board regarding Marcum's communications with the audit committee concerning independence and have discussed with Marcum its independence from the Company.

Based on these reviews and discussions, the audit committee recommended to the Board that the audited financial statements referred to above be included in Company's annual report on Form 10-K for the year ended December 31, 2021, filed on April 7, 2022.

Members of the Audit Committee:

Executive Officers and Director Compensation

No executive officer has received any cash compensation for services rendered to us. No compensation of any kind, including finders, consulting or other similar fees, will be paid to any of our existing stockholders, including our directors, or any of their respective affiliates, prior to, or for any services they render in order to effectuate, the consummation of a business combination. However, such individuals will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. Certain Relationships and Related Transactions

Founder Shares

In February 2019, CR Financial Holdings, Inc., an entity affiliated with Roth Capital Partners, LLC ("Roth"), a joint representative of the underwriters in our initial public offering, purchased an aggregate of 100 shares from us for an aggregate purchase price of \$25,000. On June 29, 2020, we effected a dividend of 43,125 shares of common stock for each share outstanding, resulting in there being an aggregate of 4,312,500 shares outstanding. In July and August 2020, CHLM Sponsor LLC, an entity affiliated with Craig-Hallum Capital Group LLC ("Craig-Hallum"), a joint representative of the underwriters in our initial public offering, and certain of our directors, officers and affiliates of our management team purchased from CR Financial Holdings, Inc. an aggregate of 3,022,825 shares for an aggregate purchase price of \$17,523.61. On July 1, 2021, certain of the Initial Stockholders sold an aggregate of 1,490,874 shares back to us for an aggregate purchase price of \$8,642.75. Of those shares, 53,374 shares were purchased by certain of our officers from us for an aggregate purchase price of \$464.11 and the remaining 1,437,500 shares were cancelled, resulting in there being 2,875,000 shares outstanding, which shares are referred to herein as "founder shares" or "insider shares." On July 1, 2021, certain of our directors purchased from CR Financial Holdings, Inc. an aggregate of 113,860 shares for an aggregate purchase price of \$990.10. Prior to the initial investment in the Company of \$25,000 by CR Financial Holdings, Inc., we had no assets, tangible or intangible.

The founder shares have been placed in escrow with Continental Stock Transfer & Trust Company, as escrow agent, until (1) with respect to 50% of the insider shares, the earlier of six months after the date of the consummation of our initial business combination and the date on which the closing price of our common stock equals or exceeds \$12.50 per share (as adjusted for share splits, share capitalizations, reorganizations and recapitalizations) for any 20 trading days within any 30-trading day period commencing after our initial business combination and (2) with respect to the remaining 50% of the insider shares, six months after the date of the consummation of our initial business combination, or earlier, in either case, if, subsequent to our initial business combination, we consummate a liquidation, merger, share exchange or other similar transaction which results in all of our stockholders having the right to exchange their shares for cash, securities or other property.

Private Placement

On August 10, 2021, simultaneously with the closing of the IPO, certain of the Initial Stockholders purchased from us an aggregate of 461,500 units at a price of \$10.00 per unit, for an aggregate purchase price of \$4,615,000, in a private placement. Except with respect to certain registration rights and transfer restrictions, the private units are identical to the units sold as part of the public units in the IPO. The proceeds from the private placement were added to the proceeds from the IPO held in the trust account. If we do not complete a business combination within the time period set forth in our amended and restated certificate of incorporation, as amended, such proceeds will be used to fund the redemption of the public shares (subject to the requirements of applicable law).

The Initial Stockholders have agreed (A) to vote their founder shares, shares underlying the private units and any public shares purchased in or after the IPO in favor of any proposed business combination, (B) not to propose, or vote in favor of, prior to and unrelated to an initial business combination, an amendment to our certificate of incorporation that would affect the substance or timing of the ability of public stockholders to exercise redemption rights as described herein or of our redemption obligation to redeem all public shares if we cannot complete an initial business combination within the time period set forth in our amended and restated certificate of incorporation, as amended, unless we provide public stockholders an opportunity to redeem their public shares in conjunction with any such amendment, (C) not to redeem any shares, including founder shares, shares underlying the private units and any public shares purchased in or after the IPO into the right to receive cash from the trust account in connection with a stockholder vote to approve our proposed initial business combination or sell any shares to us in any tender offer in connection with our proposed initial business combination, (D) not to transfer the private units prior to the close of a business combination (except on the same terms as the founder shares would be transferable) and (E) that the founder shares and shares underlying the private units shall not participate in any liquidating distribution upon winding up if a business combination is not consummated.

Registration Rights Agreement

Pursuant to a registration rights agreement entered into on August 5, 2021, the holders of our insider shares, as well as the holders of the private units (and underlying securities), will be entitled to registration rights pursuant to the registration rights agreement. The holders of a majority of these securities are entitled to make up to two demands that we register such securities. The holders of the majority of the insider shares can elect to exercise these registration rights at any time commencing three months prior to the date on which these shares of common stock are to be released from escrow. The holders of a majority of the private units (and underlying securities) can elect to exercise these registration rights at any time after we consummate a business combination. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to our consummation of a business combination. We will bear the expenses incurred in connection with the filing of any such registration statements. Notwithstanding the foregoing, they may not exercise demand or piggyback rights after five (5) and seven (7) years, respectively, from the effective date of the IPO registration statement and may not exercise demand rights on more than one occasion in respect of all registrable securities.

Promissory Note — Related Party

On March 3, 2021, we issued an unsecured promissory note to CR Financial Holdings, Inc., an entity affiliated with Roth Capital Partners, LLC, pursuant to which we could borrow up to an aggregate principal amount of \$200,000. The promissory note was non-interest bearing and payable on the earlier of the consummation of the IPO or the date on which we determined not to proceed with the IPO. The outstanding balance under the promissory note of \$200,000 was repaid at the closing of the IPO on August 10, 2021.

Working Capital Loans

If needed to finance transaction costs in connection with searching for a target business or consummating an intended initial business combination, our initial stockholders, officers, directors or their affiliates may, but are not obligated to, loan us funds as may be required. In the event that the initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts, but no proceeds from the trust account would be used for such repayment. Such loans would be evidenced by promissory notes. The notes would be paid upon consummation of our initial business combination, without interest. If we do not complete a business combination, the loans will only be repaid with funds not held in the trust account, to the extent available.

Business Combination Marketing Agreement

Under a business combination marketing agreement entered into on August 5, 2021, we engaged Roth and Craig-Hallum as advisors in connection with our initial business combination to assist us in the transaction structuring and negotiation of a definitive purchase agreement with respect to the business combination, hold meetings with our stockholders to discuss the business combination and the target's attributes, introduce us to potential investors to purchase our securities in connection with the business combination, assist us in obtaining stockholder approval for the business combination, and assist us with financial analysis, presentations, press releases and filings related to the business combination. We agreed to pay Roth and Craig-Hallum a fee for such services upon the consummation of our initial business combination in an amount equal to, in the aggregate, 4.5% of the gross proceeds of our IPO, including any proceeds from the full or partial exercise of the underwriters' over-allotment option.

Concurrently with the execution of the merger agreement with Tigo Energy, Inc., we entered into a letter agreement with Roth and Craig-Hallum to terminate business combination marketing agreement. Pursuant to the letter agreement, in exchange for services rendered in connection with the transactions contemplated in the merger agreement, Roth may be issued up to 300,000 Advisor Shares (as such term is defined in the letter agreement), issuable based on (a) the gross proceeds received from a capital raising transaction involving the equity securities of the Company and (b) the amount remaining in the trust account after giving effect to any redemptions.

Compensation of Our Management

We reimburse our officers and directors for any reasonable out-of-pocket business expenses incurred by them in connection with certain activities on our behalf such as identifying and investigating possible target businesses and business combinations. There is no limit on the amount of out-of-pocket expenses reimbursable by us; provided, however, that to the extent such expenses exceed the available proceeds not deposited in the trust account and the interest income earned on the amounts held in the trust account, such expenses would not be reimbursed by us unless we consummate an initial business combination. Our Audit Committee reviews and approves all reimbursements and payments made to any initial stockholder or member of our management team, or our or their respective affiliates, and any reimbursements and payments made to members of our Audit Committee are reviewed and approved by our board of directors, with any interested director abstaining from such review and approval.

No compensation or fees of any kind, including finder's fees, consulting fees or other similar compensation, will be paid to any of our initial stockholders, officers or directors who owned our shares of common stock, or to any of their respective affiliates, prior to or with respect to the business combination (regardless of the type of transaction that it is).

Related Party Policy

Our code of ethics requires us to avoid, wherever possible, all related party transactions that could result in actual or potential conflicts of interests, except under guidelines approved by the board of directors (or the Audit Committee). Related-party transactions are defined as transactions in which (1) the aggregate amount involved will or may be expected to exceed the lesser of \$120,000 in any calendar year and 1% of the average of the Company's total assets at year-end for the last two completed fiscal years, (2) we or any of our subsidiaries is a participant, and (3) any (a) executive officer, director or nominee for election as a director, (b) greater than 5% beneficial owner of our common stock, or (c) immediate family member, of the persons referred to in clauses (a) and (b), has or will have a direct or indirect material interest (other than solely as a result of being a director or a less than 10% beneficial owner of another entity). A conflict of interest situation can arise when a person takes actions or has interests that may make it difficult to perform his or her work objectively and effectively. Conflicts of interest may also arise if a person, or a member of his or her family, receives improper personal benefits as a result of his or her position.

Our Audit Committee, pursuant to its written charter, is responsible for reviewing and approving related-party transactions to the extent we enter into such transactions. All ongoing and future transactions between us and any of our officers and directors or their respective affiliates will be on terms believed by us to be no less favorable to us than are available from unaffiliated third parties. Such transactions, including the payment of any compensation, will require prior approval by our Audit Committee and a majority of our uninterested “independent” directors, or the members of our board who do not have an interest in the transaction, in either case who had access, at our expense, to our attorneys or independent legal counsel. We will not enter into any such transaction unless our Audit Committee and a majority of our disinterested “independent” directors determine that the terms of such transaction are no less favorable to us than those that would be available to us with respect to such a transaction from unaffiliated third parties. Additionally, we require each of our directors and executive officers to complete a directors’ and officers’ questionnaire that elicits information about related party transactions.

These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director, employee or officer.

To further minimize conflicts of interest, we have agreed not to consummate our initial business combination with an entity that is affiliated with any of our officers, directors or initial stockholders, unless we have obtained (i) an opinion from an independent investment banking firm, or other firm that commonly provides valuation opinions, that the business combination is fair to our stockholders from a financial point of view and (ii) the approval of a majority of our disinterested and independent directors (if we have any at that time). Furthermore, in no event will any of our initial stockholders, officers, directors or their respective affiliates be paid any finder’s fee, consulting fee or other similar compensation prior to, or for any services they render in order to effectuate, the consummation of our initial business combination.
